My heart warms up

Summary

One-sentence fiction.

Vincent sees a scene that warms his heart.

- A translation of [Mon cœur se réchauffe](#) by [MiaQc](#)

I should be angry, normally I loathe children, but to see them, surrounding Rody, glowing with joy, tugging at his pants, asking him questions about his job as a waiter, warms my heart and, if I were a painter, I'd immortalize this moment and put it on one of the walls in my apartment.
